DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 28,29, are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Lindquist et al.-6,413,403.

Lindquist discloses a multizoned processing pad for processing a substrate comprising a conductive layer (320), an upper non-conducting processing pad (330), at least two zones defined across upper pad surface that are defined by at least two sets of a plurality of holes 330aa, (Fig 3e) that can vary in density (spacing) and diameter ((col. 14, line 32; col15, lines 1-10), wherein the holes define different permeability for controlling the amount of electrolyte flow and thus controlling the uniformity during processing of substrate, further comprising a subpad (332) arranged between lower and upper pad, wherein each layer has at least one aperture.

Allowable Subject Matter

Claims 1-16,26,27 appear allowable over the prior art of record.

Response to Arguments

Applicant's arguments filed 7-27-06 have been fully considered but they are not persuasive. Claims 28 and 29 read on Lindquist as detailed in the rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
